### Product details

We use footstools in every room in the Houses because they're so versatile, doubling as extra seating for guests and as a side table with a tray on top and are compact enough to be tucked away when you don't need them. With its petal-shaped seat, this velvet footstool is a contemporary take on the 1920s-style, fringed designs seen at Kettner's Townhouse.

- · Flower shaped stool with cotton velvet upholstery
- · Covered button detail on seat
- · Inspired by the footstools seen at Kettner's Townhouse
