Product details

The Dalrymple bedspread has been designed by our in-house team and specially created for the bedrooms at our new House opening in Paris. Named after one of the House's designers, Hero Dalrymple, the bedspread is great for bringing a statement impact to the foot of a bed. Crafted from pure cotton in a vintage-inspired cream tone, it has a large knotted front in a grid formation and a sage-green pinstripe reverse for versatility. One side is decorated with a pom-pom trim in tonal greens and beiges to add character to the cosy piece.
