Product details

We're showcasing the small start-ups and independent brands we love- created in collaboration with our Soho House members. We've teamed up with gitti, an innovative vegan nail brand founded by Soho House Berlin member Jennifer Baum, to create a set devoted to beautifully manicured hands. Cowshed favourites will ensure your skin is perfectly prepped, while gitti's top and base coats, and a classic red polish, will add a glossy finish.

- Cowshed Manicure Kit, including Refresh Hand Cream, Apricot Cuticle Oil, cotton moisture-locking gloves, an emery board and a cuticle stick
- gitti no 01 polish in Fiery Red, top coat, base coat and remover
