Product details

Characterised by a minimal design that complements any interior style, this evocative scent is aromatic, warm and bright, with top notes of Lemon and Thyme, a heart of Pine and Lavender, and a whisper of red fruit. Undertones of Patchouli and Amber round it off to capture the essence of Soho House Rome.

The solid brass and alabaster vessel is handcrafted by artisans in India with a gold lining that adds a glow when the candle is lit. Each is unique thanks to variations in the stone and the patina that brass acquires with age.

Care instructions: When lighting your candle for the first time, allow to burn for a minimum of 2 hours or until there is a completely molten wax pool. This will ensure good burn performance and minimise instances of 'tunnelling'.

For best results, burn your candle for at least 2 hours but no more than 4 hours at a time. Burn in an area free from draughts & keep wax pool free from debris such as match heads. Allow the wax pool to solidify completely before relighting the candle. Keep wicks trimmed to 5mm at all times to avoid smoking. Stop use when 10mm of wax remains. Never leave a burning candle unattended. Keep out of reach of children and pets. Keep away from flammable materials, overhanging objects and polished surfaces. Never put in a warm place as this can cause the candle to overheat. Keep a minimum distance of 10cm between burning candles.
