

Hanson Coasters, Forest Green, Set Of Four

£55 Regular

£47 Membership

Available in

Forest

White

Product details

Referencing the solid marble furniture seen throughout 180 House on the Strand in London, this set of four coasters has been hand-hewn in India from a weighty forest-green marble that has unique variations in texture and colour. Each one has protective feet, so it won't scratch natural surfaces such as glass or wood.

Set of four marble coasters Solid forest-green marble Handmade in India Inspired by 180 House
