Care instructions: Place the diffuser on a flat, stable surface, away from the edge. Remove the outer and then inner cover. Fill the reservoir with mineral water (bottled water or tap water); do not exceed the maximum water level - 150 ml. Then add a few drops of fragrance or essential oil (5-7 drops) to the water tank. Replace the inner cover and the outer cover on the diffuser and switch on. Featuring three different time settings and ambient LED light.
