Care instructions: Ensure secure fit in holder in upright position before lighting.

Burn in an area free from draughts & keep wax pool free from

debris such as match heads. Allow the wax pool to solidify

completely before relighting the candle. Keep wicks trimmed to 5mm

at all times to avoid smoking. Stop use when 10mm of wax remains.

Never leave a burning candle unattended. Keep out of reach of

children and pets. Keep away from flammable materials, overhanging

objects and polished surfaces. Never put in a warm place as this

can cause the candle to overheat. Keep a minimum distance of 10cm

between burning candles.
