Product details

An extension of our bestselling Trento range, this large candle is handcrafted from a block of natural alabaster. The scented wax is hand-poured in England with our Fig Verde fragrance, infused with Green Figs, Dried Fruit and Rose Petals to recall evening strolls around the courtyard garden at Soho House Istanbul. Due to the nature of alabaster the candle has distinctive veinings, which are enhanced by the translucent finish, allowing the candlelight to pass through and create a soft, atmospheric glow. The removable glass liner makes it easy to reuse this one-of-a-kind vessel and bring texture into home displays.

Care Instructions: When lighting your candle for the first time, allow to burn for a minimum of 2 hours or until there is a completely molten wax pool. This will ensure good burn performance and minimise instances of 'tunnelling'.

For best results, burn your candle for at least 2 hours but no more than 4 hours at a time. Burn in an area free from draughts & keep wax pool free from debris such as match heads. Allow the wax pool to solidify completely before relighting the candle. Keep wicks trimmed to 5mm at all times to avoid smoking. Stop use when 10mm of wax remains. Never leave a burning candle unattended. Keep out of reach of children and pets. Keep away from flammable materials, overhanging objects and polished surfaces. Never put in a warm place as this can cause the candle to overheat. Keep a minimum distance of 10cm between burning candles.
