Product details

Our take on the traditional library or clerks' reading lamp, Halsted is height adjustable so it can be used next to a desk, beside a chair or in the corner of a room. The brass-finish shade has perforated metal ends so light is dispersed in multiple directions as well as being focussed on a single area. Halsted can be found in the bedrooms and club spaces at Soho House Chicago.

- Height adjustable floor lamp in antique brass plated steel
- Operated by a toggle switch
- Shade pivots to direct light precisely
- Requires one E27 lightbulb, maximum wattage: 25W
- Found in the bedrooms and club spaces at Soho House Chicago
- Suitable for use with the Tala Globe and Porcelain II light bulbs
