Product details

You'll find Tala bulbs in the lamps, wall lights and chandeliers in many of our Houses. Tala is on a mission to become the definitive zero-carbon lighting brand. Made from high quality fully recyclable materials Tala LED bulbs use 90% less energy than incandescent equivalents and have a lifespan of between 5-10 years in the home, this efficiency and longevity reduces energy bills and lowers the users' carbon footprint. Together with reforestation partners, Tala have planted over 40,000 trees worldwide.

The Oval bulb by Tala is formed from mouth-blown glass and fitted with energy efficient LED technology, lasting an average of 5-10 years based on daily usage. Part of Tala's 'Porcelain' range, the Oval bulb brings an air of sophistication to any context.
