### Product details

The Pembroke Ultimate Stemware gift set includes four Champagne coupe glasses, four red wine glasses, four white wine glasses, and four water glasses used across all of our Houses. Crafted in Poland, Eastern European glass is known for its brilliant clarity, and our mouth-blown Pembroke glassware is no exception. Every single piece touches several pairs of hands during the creative process, including a master glassblower who oversees the entire production. Accented with soft, scalloped detail, this optic decoration echoes the glassware used in our first House at 40 Greek Street in London. The perfect wedding gift, or add it to your own collection at home.
