Weight

33kg / 72.8lbs

Details

Assembly required: No

Care instructions: Our lacquer has a durable finish but can be vulnerable to chips, scratches and wear. To prevent damage, keep your table dry, and do not place hot pans, plates or mugs directly onto the table; instead use placemats and coasters. Avoid placing heavy items directly onto the table and use rubber mats or feet to prevent scratching.

Observe regular dusting with a clean soft cloth to prevent build up.
For general cleaning, wipe with warm water and a soft clean cloth. Ensure the cloth is damp, not soaking wet and wipe in down strokes not circular motions. Avoid abrasive cleaners such as bleach-based products or steel wool. In the event of scratching, touch-up kits are available through Soho Home Support.
