Product details

Entirely unique, the Atlee bottle opener is crafted from a weighty alabaster, renowned for its soft, milky mineral tops and refined deep veining, which runs through the translucent stone. Inspired by the marble decor seen throughout 180 House, it has a design that reinterprets the structure of the Brutalist building. It's fitted with a stainless-steel bottle opener and built-in magnet - a standout utensil that also makes a distinctive decorative accessory, especially when entertaining guests at home.
