Product details

Our take on a '50s flea market find, the Betsy is a mainstay in the Houses for its Mid Century style. It's often used with a low table for informal dining. It's compact size makes it ideal for smaller spaces, as a dining chair or at a dressing table.

- Armchair with traditional pleated arms and pull buttoned back
- Solid European beech wood frame and splayed wooden legs
- Fixed sprung tight upholstered seat
- Found in many of the Houses including Soho House Chicago and Shoreditch House
