Product details

One of our most versatile lights, the Leonard is used for its flattering light in our bedrooms, cinemas and spas. The open top and bottom cast dramatic light patterns on the wall, while the translucent glass rods soften the light. The totem design fitting holds two bulbs, giving ample light throughout the light.

- Curved wall light with glass shade and antique brass fitting
- Glass rods are mounted in a curved formation to diffuse light
- Open top and bottom cast distinctive shapes
- Inspired by the light fixtures in Art Deco ballrooms
- Used in the bedrooms at Soho House Chicago, in the Electric cinemas and our spas
- Suitable for use with the Tala Globe & Porcelain II bulbs
