Care Instructions: Vacuum your rug on a low-power setting and avoid using the brush. Remove liquid spills immediately by blotting with a clean, un-dyed cloth. Professional rug cleaning is recommended for hard-to-remove stains. Avoid exposing your rug to direct or continuous sunlight. Use with rug underlay and with rug protectors under legs of heavy furniture. Do not pull loose ends, cut them with scissors and tuck them back into the rug's weave to prevent fraying. Turn your rug around occasionally to equalise wear.
