Product details

As seen in Nashville House, the Tetbury footstool is upholstered in Liguria Goldenrod and constructed into a tiered design with soft cushioning. We use footstools in the Houses because they're so versatile, doubling up as extra seating for guests, or a side table with a tray on top. They're also compact enough to be tucked away when you don't need them.

- Linen footstool
- Solid oak bun feet
- Padded cushioning
- Tiered design
- Inspired by Soho House Nashville
